

Certificate in Impression Taking

PROSPECTUS

At Dental Training Ltd we aim to provide a comprehensive course in a dynamic and motivational manner that will provide the theoretical knowledge and skills needed to enable the Dental Nurse to competently take impressions on patients under prescription from the Dentist.

The course is available to all Dental Nurses or Trainee Dental Nurses.

There are 7 topics covered:

1. Health and Safety and Infection Control.
2. Medical Emergencies.
3. Legal and Ethical Issues relating to Impression Taking.
4. Basic Anatomy and Tooth Morphology.
5. Patient Care and Management.
6. Casting of Study Models.
7. Dental Materials.

Once payment has been made the student will be able to access the online portal and download the learning material, they will need to answer the questionnaire at the end of the module and complete the Portfolio of Competence including two assignments.

The full support of the Dental Practice where the Dental Nurse is employed will be required to successfully complete this course. The Portfolio of Competence has two options regarding the patients you will need to see, and the certificate will reflect the option chosen:
