

Fire Safety Level 2

PROSPECTUS

At Dental Training Ltd we aim to provide a comprehensive course delivered in a dynamic and motivational manner.

This course is open to all members of the dental team.

Available as an online course and in-house course

Objectives:

The course includes the following topics:

1. How fires are caused.
2. The components of the fire triangle.
3. The hazards associated with a fire.
4. The characteristics of a fire and smoke spread.
5. The methods used to identify and control fire hazards.
6. Means of escape from a fire.
7. Extinguishing a fire.
8. Fixed fire-fighting systems.
9. Duties of employers and employees.
10. The role of fire marshalls

This course can be combined with our in-house fire safety course.

3 hours of verifiable CPD.
